

UNIVERSAL MMCX BALANCED AUDIO CABLE

High-fidelity silver-plated OFC audio cable with 4-core balanced design and adapter set for compatibility with most balanced sources

FEATURES

- **Universal MMCX connectors**
Micro-Miniature Coaxial (MMCX) connectors compatible with MEE audio and other MMCX earphones
- **Fully balanced design**
4-core construction with two isolated conductors per channel, braided for strength and tangle-resistance
- **Superior performance**
Silver-plated 99.99% pure copper conductors ensure the richest detail retrieval and optimal performance with high-end audio systems
- **Freedom to switch sources**
Included adapter set for compatibility with a wide range of portable amps, DACs, and high-end audio players
