

beyerdynamic Blue Byrd

Bluetooth® In-Ear Headphone

Order # 717.657

FEATURES

- MOSAYC sound personalisation (via MIY app)
- Best sound in its class
- Outstanding wearing comfort through ergonomic, flat design
- Remote control with microphone and three buttons for phone calls and media control integrated in the cable
- Bluetooth 4.2 with latest audio codecs (aptX™, aptX™ Low Latency, AAC)
- Operating range up to 10 m
- Charging via USB-C
- Replaceable earwax protection grids

DESCRIPTION

Blue Byrd is an in-ear headphone with Bluetooth® technology featuring a balanced sound and excellent bass response.

With a range of up to 10 meters, the Blue Byrd allows freedom of movement, and can be used with any Bluetooth® enabled device such as a smartphone, tablet or computer.

The closed design prevents music from penetrating to the outside and ambient noise to the inside.

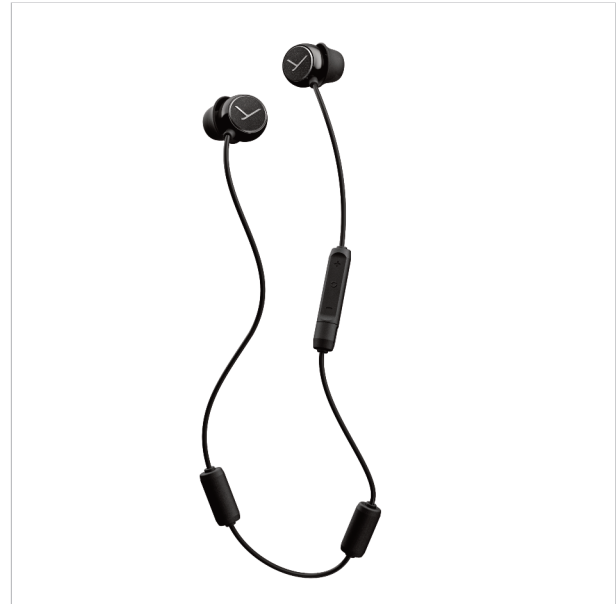

The 3-button remote control integrated in the cable can be used to control the volume* and the media control of the player as well as phone calls.

The ergonomic design and a supplied selection of five pairs of silicone eartips in various sizes ensure a comfortable and secure fit in the ear.

When not in use, the in-ear headphones can be stored in the supplied high quality hard case.

SUPPLIED ACCESSORIES

- 5 pairs of silicone eartips, sizes XS, S, M, L, XL
- Hard case for storage
- Charging cable USB-A to USB-C
